

**Independent Auditors' Report on Internal Control Over Financial Reporting
and on Compliance and Other Matters Based on an Audit of Financial
Statements Performed in Accordance with *Government Auditing Standards***

To the Honorable Mayor and Members of the City Council
of the City of San Diego, California:

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of San Diego, California (City), as of and for the year ended June 30, 2003, which collectively comprise the City's basic financial statements and have issued our report thereon dated March 12, 2007 which includes an emphasis paragraph stating the net assets of the governmental activities, the business-type activities, the sewer utility, the water utility, the other enterprise funds, the internal service funds, the San Diego Convention Center Corporation, and the San Diego Housing Commission and the fund balances of the general fund, the other governmental funds, the pension and employee savings trust fund, and the investment trust fund have been restated as of June 30, 2002. Our report was modified to include a reference to other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Other auditors audited the financial statements of the San Diego Housing Commission, as described in our report on the City's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the City's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinions on the financial statements and not to provide an opinion on the internal control over financial reporting. However, we noted certain matters involving the internal control over financial reporting and its operation that we consider to be reportable conditions. Reportable conditions involve matters coming to our attention relating to significant deficiencies in the design or operation of the internal control over financial reporting that, in our judgment, could adversely affect the City's ability to initiate, record, process, and report financial data consistent with the assertions of management in the financial statements. Reportable conditions are described in the accompanying Attachment I as item 2003-1.

A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control that might be reportable conditions and, accordingly, would not

necessarily disclose all reportable conditions that are also considered to be material weaknesses. However, we consider item 2003-1 described above to be a material weakness.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and which are described in the accompanying Attachment I as items 2003-2, 2003-3 and 2003-4.

This report is intended solely for the information and use of the audit committee, management, and federal awarding and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

March 12, 2007
